# **TILDENET GOLF PRACTICE NETS & MATS 2023 (5 pages)**

Company Reg. no. NI43387

This quotation is subject to our terms and conditions of sale, a copy of which is available on request.

durable.

**The Foldaway Deluxe** is a ridged hanging net for the smaller garden which can be easily and quickly assembled and dismantled. The net has side walls and a canopy for extra protection against stray hits. The net stands proud of the rear uprights to protect against hazardous rebounds. The surround net and baffle are manufactured to the same high quality that we use on our professional nets.

**Cost £235.00** 2.5m (h) x 2.4m (w) 1m (d)

**The Foldaway Standard** is a pared-down version of the Deluxe, as you would expect. An excellent budget option still with great playing characteristics.

**This net does not have a baffle as standard.** You can upgrade to the white high impact professional baffle (£180.00 extra). The professional baffle is a robust, strong impact net designed for hard hitting and professional nets. **Cost £205.00.** 2.7m wide, 2.7m high, 2.7m deep

We can supply outdoor carpeting for any net installation, to protect your golf balls from abrasion, usually installed over a concrete pad.

GOLF

CLUB NET & FRAME - POWDER COATED

This net is ideal for all levels of golfer. It is especially good for beginners as it is completely enclosed, giving extra protection against miss-hits. Easily installed, the club net is a stand-alone structure assembled from 48mm galvanised steel tube and connected by robust steel fixings. Comes complete with a sewn in baffle to prevent bounce back. Available in galvanised steel or powder coated for extra durability.

The top left image shows powder coated club net and frame plus an additional bay with professional baffle.

CLUB NET & FRAME POWDER COATED

- Comes with durable carry bag
- (Mat shown is not included)
- Size: 3m x 3m x 3m
- £450.00**

**Domestic Tunnel Supernet**

**Product Code: YAAAAD**

**DIMENSIONS:** 2.4m(W) x 2.6m(H) x 2m(D)

**STRUCTURE:** 22m galvanised steel

**NET:** 20mm mesh rot proof duranet

A self-supporting frame, ideal for all levels of golfer. Front sides of net are free of the front legs to avoid danger of the clubs coming into contact with front uprights. Impact net is supported on a straining wire to prevent hazardous rebounds. The tunnel effect of the net allows the golfer to get an indication of the direction of the hit. Additional wing available for attaching to one or both sides to give extra protection. Comes complete with stabilizers for use in windy locations.

**Price £295.00**

Our best garden practice mat is a deep-pile **Teeturf mat** which allows you to shape a shot with your iron or driver, (Below) 1m x 1.5m heavy felt backed with 4 rubber tee holes,. Exactly like playing off grass, and even accepts course tees. It will not curl up at the edges over time. The best there is and our most popular option.

It is made in England and in stock here.

Golfers are used to square mats in a driving range. This is because in a heavy use commercial operation, using a single rubber tee each side, wear is concentrated around the tee hole, so they have to be rotated. With this mat, because you are using irons off any part of the surface, this is not an issue. It is much cheaper to ship to you and will even fit into most cars.

**Cost £225.00.**

**Carriage Costs (to be confirmed with order):**

Carriage for a single **Club Net** to ROI is £185.00

For a single **Portanet** it is £80.00

and for a **Domestic net** £60.00

Carriage for the **mat** is £25.00 if included with a net or to GB, £35 singly to ROI.

Prices exclude VAT @ 20% and are ex-works. VAT is not charged if supplied to a VAT-registered EU company. We'll need your VAT no., Eori no. and full address with Eircode if applicable

**We can invoice in Euro if preferred, please e-mail or call for today's rate.**
